**PLEASE MAKE A NOTE OF THIS**

The dates given in the previous newsletter in November will now be a normal dancing week.

See overleaf for exciting changes to Project: Dance!

# **PRACTICE NIGHTS**

**Due to difficulties in finding a suitable venue for pure social evenings we have decided to run monthly practice nights whereby you can come and practice all your dances.**

**These will be, in the first instance, at St Pauls Church Hall, Sticklepath, Barnstaple, on Saturday evenings.**

**Bring and share nibbles as well as soft drinks (we would need a licence to use alcohol).**

We would be on hand to help but may not do any formal teaching, unless that is what you would like???? Let us know!  
We can perhaps do the odd party/mixer dance???

A list of dates will be available very soon.

---

Some classes and venues may be in for a change due to student numbers, problems with certain venues we use now. A newsletter will be available after the next exam session detailing these changes. Cheerleading, club dance, etc may be on the way!

We thank you for your continued support during these difficult financial times, and hope you understand the need to re-evaluate classes. Please feel free to send any requests to us – we will consider all and act on as many as we can. We can't please everyone, but will try to please the majority! Karen and Steve
